

Team: U12B

Location: Kingdom Sports Center/Franklin, OH

Result: 4-3W

Players: Daniel, Tyler, Sean S, Elias, Asher, Christian, Zane

Hope Springs Player of the Match: Zane

Defensively, we had a pretty solid game all around. We constantly won 50/50 balls and we were able to effectively support our offense by playing higher up on our half. We had a few mistakes that led to some unfortunate easy goals for the other team, but most were unlucky plays or easily correctable errors. All in all, I was pretty happy with our defensive play.

On offense, we dominated the game. We were always making runs and supporting each other. We had a shot or two almost every time we got on their half. I was very impressed with the runs our offense was making and the amount of possession we had. This game was definitely a great opportunity for us to learn how to play more effectively. We also had a great outcome considering we had no subs, and indoor is a faster paced game.

The Hope Springs Player of the Match was Zane. He played both offense and defense effectively, he won lots of 50/50 balls in the air, and he was great at reading the field and finding out where he needed to be.

This was easily our best game to date, and I really look forward to the spring season knowing what the guys are capable of if they continue to play this way.
