DDLFC academy fee payment, refund and non-payment policy

The Dayton Dutch Lions FC is a for profit organization and the income from the academy fees is crucial to keep the academy operating. Most of the fees that our academy members pay go to coach's expenses (salary, housing, cars, insurance, phone and other reimbursements), league fees, referee fees, gear (balls, pennies, cones) and other academy expenses.

Payment plans are available in 4, 6 and 8 monthly installments and it is important for all academy members to stay up to date with their payments. We do however understand that financial circumstances might change and, understandably, the academy fees become a second priority. In these exceptional cases we ask that you contact the Director of Soccer or Operations Director at your earliest convenience so we can look at finding a solution. A change in payment plan, scholarship opportunities and work/fundraise opportunities are all possible solutions for when a family is hit with financial hardship and we will do everything we possibly can to find a solution.

In last case scenario only, if no new plan is in place after 45 days, your child wont be able to continue playing and we will withhold his/her player card until a solution is found.

Often we are asked for a refund when a player or family decides to leave the club or an injury occur, but our expenses do not change when a player decides to leave the club or cant play due to injury. Therefore it is the general policy of the Dayton Dutch Lions FC not to issue any refunds after you have signed your academy contract. Exceptional cases do however occur and you can always enquire about a partial or full refund, depending on your situation.
